## PREFACE.

Another year having elapsed, the fifty-third issue of the Boston Directory is now presented to the public.

The continued watchfulness and care which are needed in preparing a work of this kind have been faithfully bestowed upon the present volume.

Knowing that some errors must always occur in a book made up almost entirely of names and figures, it is still hoped that this will excel all previous numbers in accuracy and thoroughness.

An essential improvement has been made in the General Directory, which cannot fail to meet the approbation of all who use it. This is the giving against each partner in a firm their place of business, excepting where the names of both or all the partners occur on the same page, in which case it was deemed unnecessary.

It is the aim of the publisher, by constant and renewed exertions in perfecting the Directory, to render it yet more worthy of the liberal encouragement annually extended to it.

# DOCK SQUARE CLOTHING WAREHOUSE.

## KEITH & THORNTON,

(SUCCESSORS TO EARL W. JOHNSON & CO.)

### MERCHANT TAILORS,

AND

WHOLESALE AND RETAIL DEALERS IN

### READY-MADE CLOTHING,

AND

### FURNISHING GOODS.

CLOTHING made and sold at this Establishment is warranted to be just what it is represented to be. No humbug or clap-trap is used to make customers believe that the Moon is made of green cheese, or that a piece of Satinet is worth as much as fine Broadcloth. The Proprietors are satisfied, from some experience, that honesty can be applied to the Clothing Trade, and make the business profitable.

## MEDFORD BRANCH RAILROAD.

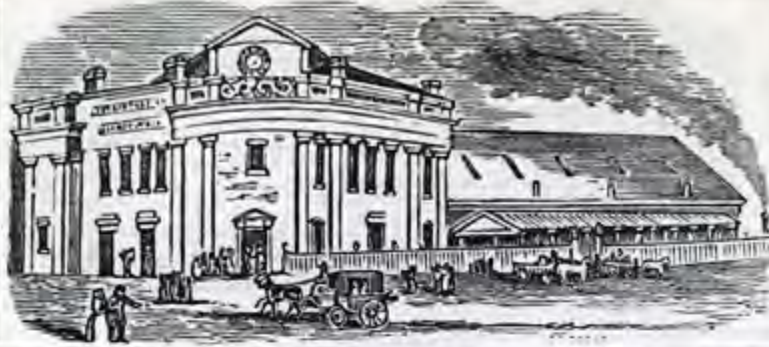

Trains run to and from MEDFORD, a distance of five miles, eight times a day each way. Fare 15 cents. Time, 15 minutes. Season Tickets, \$44 a year. This is a beautiful village, and a desirable place for summer residence.

## ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

Somerville, Medford, Malden, Melrose, South Reading, and Reading, towns within the range of the special, as well as the longer trains, possess many advantages for country residences, either through the warm season or the whole year, not exceeded by those of any other towns in the vicinity of Boston. The cheapness of the fare, the number of trains, both early and late, in connection with the convenient depot at Boston, render this railroad a desirable channel of intercourse between the city and country. That the advantages of these places are appreciated, is evident from the increasing demand for residences on this route, the demand for house lots, and the steady rise in the value of the land.

RATES OF FREIGHT.  
From 9 to 15  
cents per 100 lbs.

THE PRICE OF EACH TICKET MUST BE PAID IN ADVANCE.

All tickets are issued with the understanding, that at or previous to their maturity, they must be returned to Superintendent's office, with price of next term if for renewal, or "notice of discontinuance" when that is the intention. This required notice is for the convenience of the passenger, so that any subsequent application for renewal may be promptly answered without question. No allowance will be made for disuse of cars from any other cause than *sickness*, and not unless the following rules relating thereto are fully complied with, viz.: The invalid holder of an unexpired ticket must send it to Superintendent's office with the word "sickness" endorsed thereon. When the owner of the same shall be in a position to reclaim it, a proportion of the amount paid will be refunded if the cars were not used for three or more consecutive months, dating from the day on which the returned ticket was received at office.

Advance payment for three successive quarters, (and payment for the fourth before termination of third,) will entitle any passenger to receive the fourth ticket for the difference between the amount paid for the first three quarters, and the yearly price. Season tickets commence at any time, but terminate only on March 31st, June 30th, Sept. 30th, or Dec. 31st; and none are issued for less than three months. Passengers who prefer to retain possession of their matured tickets can do so after the said tickets shall have been cancelled at Superintendent's office.

## SCENERY.

It cannot be denied that the scenery on every section of this route is unsurpassed. The surface of the country for the first ten miles is beautifully variegated, presenting a continual succession of picturesque views of the country, the city, and the sea. Its hill-tops and valleys are decked with splendid dwellings and tasteful cottages, and nowhere can be found the union of town and country more complete.

## RESIDENCES.

Dorchester, Milton and Quincy afford locations for some of the most delightful and healthy residences. Savin Hill, Harrison Square, and Neponset, from their proximity to the city, and their attractive scenery, have become favorite places of residence.

## PLYMOUTH

Presents great inducements for individuals seeking health or pleasure. The Samoset House furnishes excellent accommodations; then there are Plymouth Rock, Pilgrim Hall and the graves of the Forefathers, calculated to awaken pleasant recollection. The numerous ponds in the vicinity of the village afford good fishing, and the beach and roads through the woods are delightful places for a drive.

## ATTRACTIONS.

An occasional ride in the cars as far as Braintree, will amply repay one for the trifling sum exacted for fare. In passing through the village of Quincy, the venerated mansion of the "Elder Adams," and afterwards the residence of the "Old Man Eloquent," can be seen.

Season Tickets are sold subject to the following Rules and Conditions, which form part of the Contract of Sale.

All Tickets will be made to terminate on the last day of March, June, September and December. They must in all cases be prepaid.

Passengers paying for two quarterly Tickets in succession, may, before the expiration of the second quarter, purchase a ticket for the next six months for the difference between what has been paid for the two quarterly tickets and the price of a yearly Ticket.

Persons passing over the road without a Ticket, are liable to a penalty; they also forfeit their claim to a Season Ticket.

Persons under eighteen years of age whose whole business is to acquire an education, will be furnished with a Scholar's Ticket, to be used for that object only, at half the above quarterly rates.

Holders of Season Tickets must present their Tickets for inspection, when so required by the Conductors, or pay the regular fare in the train, which will not be refunded.

Season Tickets are subject to the general regulations of the road, and do not entitle the holder to carry with him anything but his own personal baggage.

N. B. The Corporation is not bound to advise season ticket holders of the expiration of their tickets.

**SAMUEL COOPER,**

Late Chief Examiner in the U. S. Patent Office,

**PROCURES PATENTS IN THIS AND FOREIGN COUNTRIES.**

His long official connection with the Patent Office has rendered him familiar with its rules and practice, and with the history of invention in this and other countries; and this experience, with the frequent visits which he proposes making to the Patent Office, justifies him in saying that his Agency will offer to inventors all the advantages of one located in Washington, and, in addition, those which result from a residence in the midst of mechanical and manufacturing industry.

Advice given upon all matters relating to the validity, &c., of patents, the novelty and patentability of inventions. Specifications and Drawings prepared, — Caveats filed, — Reconsiderations procured of applications that have been rejected upon imperfectly prepared papers, — Cases of interference, and applications for extension and re-issue prosecuted, — and in general, all business connected with the Patent Office, transacted with care and promptness.

British and other foreign patents procured, through prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the Office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the Office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this Office with whom I am acquainted.

# THE BOSTON POST,

## THE PRESS AND POST,

AND

# THE BOSTON STATESMAN

## AND WEEKLY POST.

The Terms of our Journals per year are :—For the DAILY POST, \$8; for the PRESS AND POST, semi-weekly, (Mondays and Thursdays) \$4; and for the STATESMAN AND WEEKLY POST, (Fridays) \$2.

These journals are edited by CHARLES G. GREENE and RICHARD FROTHINGHAM, JR.; employ a large corps of Assistant Editors, Reporters and Correspondents; and neither labor nor expense is spared to make their columns valuable. They have been published nearly thirty years; have a range of subscription exceeded in extent and aggregate by no paper in New England.

The columns of these papers are filled with a great VARIETY of useful and entertaining matter. Their editorials; domestic and foreign correspondence; reports of lectures; marine department; daily monetary article and weekly financial review; literary notices; poetic contributions and humorous matter, form a VARIETY designed to meet every taste.

The ADVERTISING COLUMNS embrace an almost entire synopsis of the business of New England; and from that department of the paper alone can be obtained a correct impression of the character of trade, its facilities and its operations; while the financial editorials give an accurate view of passing events in the commercial world.

The PRESS AND POST is made from the DAILY's contents, and published every Monday and Thursday morning. It is clearly and handsomely printed on fine paper, in clear type, and the subscription is four dollars a year. This journal, with its ample price current, and general view of the markets, together with a careful synopsis of news, miscellaneous intelligence, &c., is admirably adapted to answer the wants of country merchants, or readers out of Boston. To Clubs of ten or more, paid in advance, a reduction of twenty-five per cent. will be made.

### The Boston Statesman & Weekly Post

forms a racy and complete record of the times, and contains the news of every description; in fact, a brief and comprehensive history of passing events; foreign news in

detail, domestic information, agricultural items, commercial and monetary articles, statements of trade, of the weather, of crops, &c., accounts of meetings, political records, news of every description, poetry, pleasant reading matter, humorous items, epigrams: in fact, a COMPLETE FAMILY Newspaper—a vehicle for every species of useful and entertaining information,—among which will be found, in each issue, A PLEASANT STORY. The STATESMAN is printed on the LARGEST SIZED paper, and on new and beautiful type. It has a very large circulation, and its rapidly increasing list is the best evidence of its popularity. It is supplied at the rate of TWO DOLLARS a year for single subscriptions. CLUBS, taking ten or more copies in one package, will be supplied at ONE DOLLAR AND A HALF A YEAR.

### The Commercial Department

of these journals involves a large expenditure; contains varied and accurate reports as to all branches of trade, and is second to that of no paper published in New England.

These journals are carefully conducted, and edited in a faith in democratic principles, but in a spirit of conciliation to all parties. As advertising mediums they are unsurpassed; penetrating, as they do, into such a variety of households scattered over the whole Union, and read as they are by all classes of the community, they furnish an opportunity for the diffusion of information which can scarcely be obtained elsewhere.

We have just added to our establishment one of HOE'S FOUR CYLINDER FAST PRESSES, procured new type and fittings throughout for all our papers, and enlarged their size more than one-sixth. With these great and important improvements, we feel that our journals present as strong claims to public favor as any newspaper in the country.

Attention is called to three new and beautiful REVOLVING-CYLINDER PRESSES, manufactured by Messrs. # BOSTON DAILY ADVERTISER.

ESTABLISHED MARCH 1, 1814.

Published every Morning, except Sundays. Terms, Eight Dollars per annum, in advance.

NATHAN HALE AND CHARLES HALE, EDITORS.

CHARLES HALE, PUBLISHER.

This is a first-class newspaper of the largest size published in Boston. It is conducted with care and diligence, and is believed to possess a favorable character wherever it is known. With the introduction of the new type, a new order of arranging the contents has been adopted, which allows of a considerable increase in the quantity of reading matter, and enables us to present the news as received at the latest hour, in the fullest extent, without inconvenience, and without curtailing the space devoted to the various regular departments of intelligence. While retaining all the old characteristics of the paper, which have given it its favorable reputation, such new features have been and will be introduced as shall make it approach as nearly as possible the highest standard of excellence for a daily newspaper published at the present day in the capital of New England.

Every effort is used to present in the columns of the BOSTON DAILY ADVERTISER the news of the day, with fulness, freshness, and accuracy, and, further, to discuss the topics of the day freely, fairly and with independence, at the same time that the utmost care is taken to express no opinion which is not formed after careful personal examination by the editors, of the subject under consideration.

The attention of the public is respectfully called to the following characteristics of the BOSTON DAILY ADVERTISER:

1. Its editorial articles, which are numerous, written with care, and express only the opinions of the editors. No pay is ever received for anything appearing as editorial.
2. The regularity and fidelity with which all public documents and matters of permanent value are presented in its columns.
3. The copiousness of its summaries of foreign intelligence, which are prepared with laborious care from ample materials.
4. The perfection of its marine intelligence. Its leading position in this department is believed to be generally admitted without question.
5. The accuracy and independence of its financial and commercial intelligence, which is so prepared as to remove it beyond suspicion of aiding individual interests.
6. The accuracy and fulness of its reports of the proceedings of the Massachusetts Legislature, and of legal and judicial proceedings.
7. Its literary intelligence, and notices of books, pictures, public amusements, &c. Extracts from forthcoming works in advance of their publication are frequently printed in its columns.

Other features to which we invite the attention of the public are our special telegraphic despatches from Washington during the session of Congress, (additional to the regular despatches):—weekly statement of the value and amount of imports of foreign goods at the port of Boston, prepared exclusively for this paper (additional to the daily reports of the names of importers):—weekly statement of the condition of the banks in Boston, and monthly statement of the other banks in Massachusetts, published by authority in the Daily Advertiser and one other paper only. These statements are published also in the Semi-Weekly Advertiser and Weekly Messenger.

The SEMI-WEEKLY ADVERTISER and WEEKLY MESSENGER contain substantially the same reading matter as the DAILY ADVERTISER, but less space is occupied with advertisements, of which very few appear in the WEEKLY MESSENGER.

These papers are printed for mailing on a sheet weighing "not over 1½ ounces," and are accordingly chargeable for postage at the lowest rate, viz., a quarter of a cent for each paper within the State, when paid quarterly, in advance.

A quarter's subscription to the daily, postage included, thus costs but \$2.20; to the semi-weekly, but \$1.07; and the weekly, but 54 cents.

[From the "Recollections of a Life-Time," by S. G. Goodrich, (Peter Parley,) published December, 1836.]

The BOSTON DAILY ADVERTISER was founded in March, 1814, and Nathan Hale began his editorial career with it. It may be taken as the model of the highest class of newspapers in the United States—able, calm, sincere, wise and gentlemanly. It would be difficult to name a single journal in any country which, in a union of these qualities, takes rank above it. In the United States there are some which emulate it, but few, if any, which surpass it.

[From the National Intelligencer.]

The BOSTON DAILY ADVERTISER.—A paper so wise, so instructive, so cautious and so truthful, deserves every success; and its success is a credit to the community which it ably serves and enlightens.

[From the Albany State Register.]

The BOSTON DAILY ADVERTISER.—It is one of the very best newspapers in the United States, and we take the liberty of rejoicing in its prosperity.

[From the New York Shipping List.]

The BOSTON DAILY ADVERTISER.—The Daily has long since acquired the reputation of being the best marine journal in the country, and as a literary and political publication it ranks deservedly high.

[From the Salem Gazette.]

The BOSTON DAILY ADVERTISER—a journal of which it is not too much to say, that, in some respects, it has no equal on this side of the Atlantic.

[From the Yarmouth Register.]

The BOSTON DAILY ADVERTISER.—A glance at its columns will show that it is fully up to the mark, and its matter is evidently prepared with much care; while in one department, and an important one to Cape readers—we refer to the shipping intelligence—it unquestionably excels all its contemporaries in the freshness and accuracy of its reports. This department is under the direction of Mr. J. A. Ballard, the best shipping reporter in the country.

[From the Providence Journal, May 15, 1857.]

We are happy to see in the unmistakable signs with which the columns of the Boston Daily Advertiser abound, the evidences that it is destined to a long course of continued and increasing prosperity. It is good to have something stable and firm; and a newspaper which holds fast to what is good in the old, and at the same time keeps up with all the improvements in the new, cannot be too highly appreciated in the community in which it is published.

[From the Charleston (S. C.) Courier.]

The BOSTON DAILY ADVERTISER, one of the best journals in the country, made its appearance, a day or two ago, printed throughout on new and beautiful type.

From the same Office are issued the BOSTON SEMI-WEEKLY ADVERTISER, Published on Wednesday and Saturday Mornings. Terms, \$4.00 per annum, in advance; and the BOSTON WEEKLY MESSENGER, Published on Wednesday Afternoons. Terms, \$2.00 per annum, in advance.

Counting Room in the Old State House, State Street.

# THE BOSTON JOURNAL,

PUBLISHED DAILY, SEMI-WEEKLY AND WEEKLY.

## TERMS:

DAILY, in advance, - - Six Dollars a year. | SEMI-WEEKLY, - - Four Dollars a year.  
SINGLE COPIES, - - - - Two Cents. | WEEKLY, - - - - Two Dollars a year.

[Club Prices.— 2 copies, \$3; 5 copies, \$6; 10 copies, (and one to getter up of Club,) \$10; 20 copies, and two to getter up of Club, \$20.]

JOURNAL FOR CALIFORNIA, - - - - - Six Cents a copy.

The Proprietor of the BOSTON JOURNAL, some years since, adopted the low price cash plan in the circulation of that paper, and has met with a success beyond his anticipations. Convinced that this course is the most profitable, he is determined to adhere to the system, and although the expenses of publishing a newspaper have increased enormously within a few years, the subscription and cash prices of the DAILY, SEMI-WEEKLY, WEEKLY and CALIFORNIA JOURNAL, will remain as above named; while no expenditure of money, time or labor will be spared to keep the Journal in advance of all its cotemporaries, in every point which goes to make up a Live Newspaper of the present day.

## THE DAILY JOURNAL,

Although furnished at the low rate of TWO CENTS a copy, contains MORE READING MATTER than any other daily paper in Boston. It is published

## MORNING AND EVENING,

and either edition is sure to contain the VERY LATEST NEWS received by the MAILS and TELEGRAPH, to the moment of publication. It is the determination of the proprietor to make it emphatically and in every sense of the word a NEWSPAPER! and as such it will report and record the doings of all parties and sects. It will give full and complete reports of the state of the Markets; a full and accurate Shipping List; doings at the Stock Exchange; and Money Articles from a competent source; full reports of the Debates in Congress; able reports of all Lectures of interest; full and complete accounts of Public meetings, with *verbatim* reports of the Speeches, when the occasion requires, &c., &c. Indeed, the reader of the DAILY JOURNAL may be sure of finding a record of everything of general interest which transpires either at home or abroad. By arrangements made to establish EXTENSIVE CORRESPONDENCE, and by a liberal use of the MAGNETIC TELEGRAPH, the Journal will at all times be in possession of the LATEST NEWS; and by the publication of a complete paper, both MORNING AND EVENING, the Proprietor is enabled to send by

## EVERY MAIL AND EXPRESS

which leaves the city during the day, thus furnishing the news not unfrequently from 12 to 24 hours in advance of those papers which print only *one edition daily*. The JOURNAL is printed on one of HOE'S CELEBRATED SIX CYLINDER FAST PRESSES, capable of printing FIFTEEN THOUSAND AN HOUR; and we are thus enabled to *wait for news until the latest moment*, and still supply the demand, however large.

This is the *only press of the kind in New England*, and is well worthy an inspection by those who would learn the immense improvement made in the art of printing. Its introduction in the JOURNAL ESTABLISHMENT involved an outlay of over

## TWENTY THOUSAND DOLLARS,

and was rendered absolutely necessary by a large and constantly increasing circulation—a circulation which, as an ADVERTISING MEDIUM, IS UNEQUALLED IN NEW ENGLAND.

Either edition will be mailed or sent by Express, at the rates mentioned above, for any length of time the subscriber may wish. It is delivered by faithful carriers in all parts of Boston and adjoining cities, both morning and evening, and is for sale at the Periodical Depots, and in all the large towns and cities on the lines of the Railroads throughout New England.

## TO ADVERTISERS.

Advertisements are inserted at fair prices, in clear type, set up in uniform style, and arranged under appropriate heads, so as to attract the attention in the readiest manner. The great value of the JOURNAL as an advertising medium may be inferred from the fact that ALL ADVERTISEMENTS APPEAR IN BOTH MORNING and EVENING PAPERS without any EXTRA CHARGE! thus securing to advertisers the benefit of TWO papers at ONE price, and

## DOUBLE THE CIRCULATION

of any subscription or two cent paper in New England. Advertisements inserted in the WEEKLY, SEMI-WEEKLY, or CALIFORNIA JOURNAL, will be subject to additional charge for each paper.

All orders for either of the above papers, or for advertising, should be accompanied by the cash, and addressed to the Publisher,

# F. R. ROBINSON,

MANUFACTURER OF

## CHEMICAL AND TOILET SOAPS, PERFUMERY, &c.

No. 61 Haverhill Street, Boston, Mass.

Two demands have been urged by the American public upon Soap Manufacturers.

Until recently we were entirely dependent upon importers for our choicest varieties of Toilet Soaps. Within a few years Manufacturers in our own country have produced numerous articles to supply this deficiency. My

### INDEXICAL SOAPS

were introduced only after careful and costly experiments had convinced me that I was justified in claiming for them a position second to none. My assertion was, that this collection contained a variety as extensive as the wants of the different classes to whom it was offered. Ladies who furnish their toilet-stands only with the most delicate and highly perfumed articles, have tendered to me their approval, and now deem my Soap an indispensable luxury.

The Mechanic has applied it to hands roughened by exposure, and soiled by contact with every kind of substance; he too acknowledges that

### ROBINSON'S MECHANIC'S SOAP

should be found in every Artisan's Shop. Rapidly increasing demands have given the highest encomium of praise. I still continue to supply the Trade with my Toilet Soaps, which I warrant unsurpassed in excellence, each accomplishing the specific purpose for which it is adapted.

### ROBINSON'S GOLD DOLLAR SOAP.

The demand for a

### CHEMICAL SOAP FOR FAMILY USES,

Has caused a rivalry among some Manufacturers, each striving for popularity, not on account of the superior quality, but from the cheapness of his articles. As a result, the market is overstocked with soaps, possessing more biting than erasive properties. Dealers, aware that in the course of my experiments I have acquainted myself with the peculiar varieties of materials requisite to produce any result connected with my business, have requested of me such a Chemical Soap as my qualifications fit me to manufacture. In compliance with this request I now present to the public an article which I designate as ROBINSON'S GOLD DOLLAR SOAP. I am informed that some disreputable trader has manifested his approbation of the name of my Indexical Soaps, by borrowing the appellation for a single article of his own production; he thus appropriates to himself the benefit of the popularity of my invention, disregarding the peculiar significance of the title. In adopting the name of my Gold Dollar Soap, I am influenced only by the desire to distinguish my own Chemical Soap from that of others. Though I rely solely upon the superior quality of the Soap in securing the patronage of traders, I would not have the stamp totally inappropriate.

While the merchant is confident that all Gold Dollar Soap is the genuine article of my manufacture, the careful servant girl shall be rewarded by finding occasionally in some small bit of Soap, the GOLD DOLLAR, which I pledge myself to deposit in every lot of 1000 pounds which I issue.

This Soap has been tested. The unanimous decision from the laundries, pronounces it to possess cleansing power immediate in its operation, with little labor and no injury to the hands. I affirm that the ingredients contain no inferior or deleterious substance. My object is to manufacture a good Soap, at a reasonable expense, not one which will prove both cheap and poor.

In gaining this result, I rely on the solvent rather than on the alkaline properties of the Soap. I am now manufacturing this article in such quantities as to meet present orders, and am prepared to furnish all traders with samples, or larger amounts. I warrant the quality to be invariable.

In connection with my Soaps, I have become interested in manufacturing PERFUMERY, of every description, in which business I still continue extensively engaged.

## ROBINSON'S

# INDEXICAL PREPARATION FOR THE HAIR.

It is obvious to every intelligent mind, that the Hair in different states requires different modes of treatment. To the Ladies who simply desire, while dressing the hair, an application to render it moist and soft, with a glossy appearance which shall be permanent, I offer one variety of my Indexical Preparation. It possesses those nutritive qualities necessary to promote the health and growth of the hair. It is designed as a delicate Toilet Companion, free from any subsequent injurious effects. While I furnish this as the variety most generally required, I am completing the Indexical Set with peculiar preparations for special demands.

Circulars containing a full description of my Indexical System will be despatched to applicants throughout the United States.

### TOILET SOAPS.

#### INDEX.

**A. A.—WHITE WINDSOR SOAP**, of superior quality.

**A. B.—BROWN WINDSOR SOAP**, of superior quality.

**B. A.—LADIES' TOILET SOAP**.—This, for the Toilet, is all that can be desired. The lather is prompt, and the odor agreeable. The skin, by its use, is rendered soft and white.

**B. B.—DENTAL SOAP**.—This compound does not contain any acids or alkalis that will injure the teeth or gums. It will impart to the teeth a pearly whiteness, and leave the gums in a healthy state. It is excellent for cleaning artificial teeth.

**D. A.—LADIES' PUMICE SOAP**.—This soap possesses all the properties of my B. A. Soap, and being blended with finely pulverized pumice, will remove stains and roughness from the hands and nails. Those who use this Soap will find no difficulty in handling silks, laces, etc.

**D. B.—FLOATING PUMICE SOAP**.—This is particularly adapted for the bath; it contains a quantity of prepared Pumice, which will thoroughly cleanse the skin without injury, being far preferable to brushes or hair gloves. It invigorates and refreshes the skin, imparting to it a velvet-like fineness; its fragrance is delightful, being a compound of choice and rich perfumes.

### SHAVING SOAPS.

#### INDEX.

**E. A.—SHAVING SOAP**, of extra quality, and highly perfumed. This Soap produces a thick, creamy lather that does not dry on the face, and being purified from all irritating substances, leaves the face smooth and soft after shaving.

**E. B.—BARBERS' SHAVING SOAP**.—A good article at a moderate price.

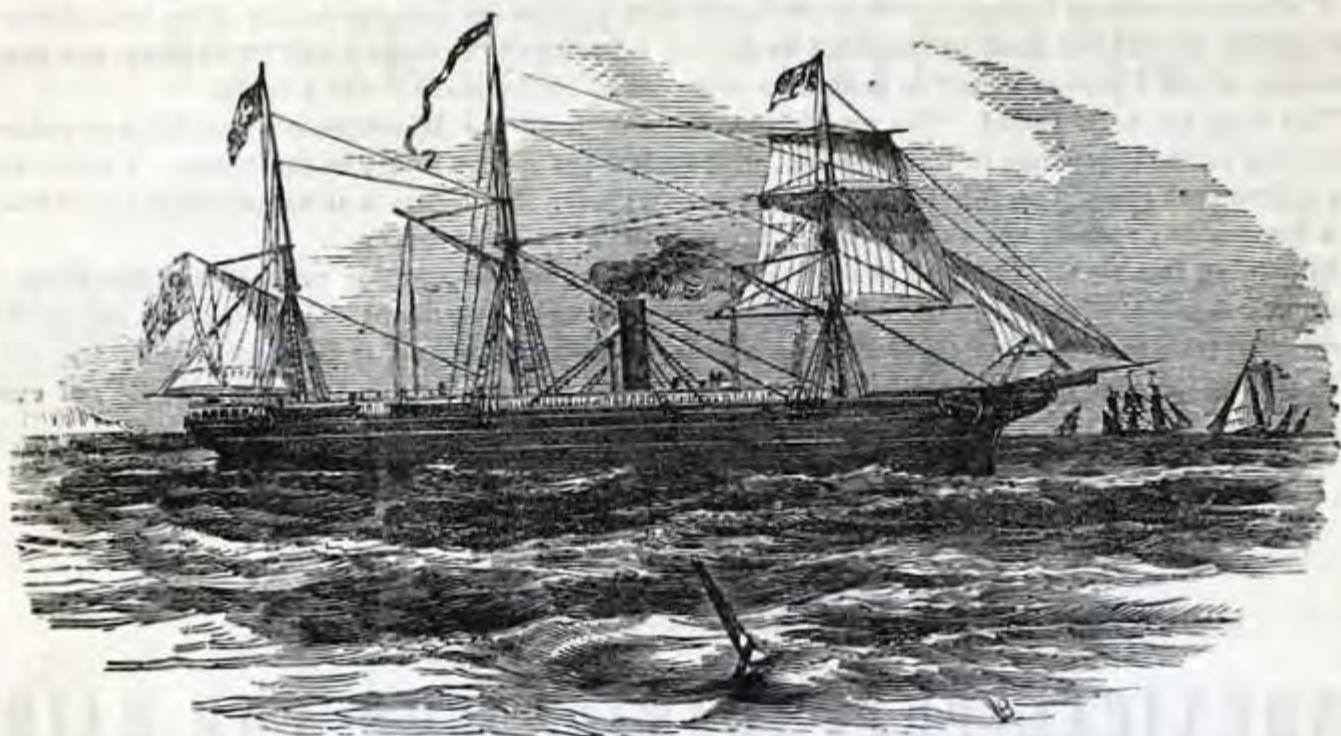

### MECHANICS' AND ARTISANS' SOAPS.

**F. C.**—While the erasive properties of this Soap are all that can be desired, it is free from any caustic alkali; and being mixed with pulverized pumice, will scour the hard, rough and black hands, and make them soft and white. It will be found useful in the kitchen, for cleaning tin ware, etc.

### HOUSEHOLD SOAPS.

**H. A.—HOUSEHOLD SOAP**.—This is a pure, sweet Soap, particularly adapted for domestic use; a superior article for washing fine linen, and a good Toilet Soap for Hotels, etc. This Soap is sold at a price within the reach of all; it only requires a trial to gain public confidence, and become a universal favorite.

 I am preparing Soaps for other purposes, and as soon as ready they will take their place in the Index.

This much esteemed and highly valuable preparation will not fail to effectually remove Dyspepsia or Indigestion, Bilious Affections, Headache, Heartburn, Acidity of the Stomach, Costiveness, Gout, Rheumatism, Loss of Appetite, Gravel, Nervous Debility, Nausea or Vomiting, Affections of the Liver, &c., &c.

It is particularly recommended to those suffering from Bilious and Nervous Headache, Diarrhoea, Constipation, Flatulency, Indigestion, Summer Complaints, Cholera Morbus, &c., &c. The utmost reliance can be placed on it, both as to its innocent nature and highly curative qualities.

### TARRANT'S INDELIBLE INK,

A superior article, warranted by the proprietor, and acknowledged by all who have tested it, to be the best article of the kind now in use.

### Tarrant's Compound Extract of Cubebs and Copaiba.

Sanctioned by popular opinion and high authority of the most distinguished of the medical faculty, it offers to the afflicted a remedy, whose success has in every instance supported its deserved reputation. Being convenient and agreeable in its use, experience has proved that it retains in every climate its desirable and truly valuable character. It is in the form of a paste, is tasteless, and does not impair the digestion. It is prepared with the greatest possible care, upon well tested principles. To persons following the sea, or going long voyages, this preparation possesses qualities far surpassing any other—neat and portable in form, speedy and efficacious in its operation, successful, both in the earliest and worst stages of the severest disease, while the usual and nauseous taste and unpleasant odor of Copaiba is wholly avoided in this preparation.

Prepared and sold, wholesale and retail, by JOHN A. TARRANT, successor to James Tarrant, 278 Greenwich, corner of Warren street, New York, and for sale by all the principal Druggists in the United States, British Provinces, West Indies and South America.

It has acquired the utmost fame in almost every part of Europe, it has been examined, approved of, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession. # HALLET, DAVIS & CO.

Messrs. Hallet, Davis & Co.,  
GENTLEMEN:—It is with sincere feelings of pleasure and gratitude that I improve the present opportunity to thank you for the use of your two Grand Pianos at my late concert in this city. After the many severe tests I have given your instruments, I unhesitatingly pronounce them eminently superior in action, elasticity of touch and power of tone to any I have ever used in this or the old country. Another striking feature in both your Grand and Square Pianos, (and where others too often fail,) is their remaining in tune under the heaviest and most difficult playing, not a string shattering or flattening, and the action remaining so perfect that the performer is enabled at all times, to give instantaneous effect to emphatic passages.

I am, Gentlemen,  
Yours, very sincerely,  
GUSTAVE SATTER.

Boston, Sept., 1855.

Extract from WILLIAM  
MASON'S Letter.

I have used and am now using, one of your Grand Pianos, which stands in tune as well as any instrument I have ever seen. Owing to the beautiful elasticity of the action of your Grand Piano Fortes, (which possesses the same qualities as the action that has contributed to give Erard his world-wide reputation,) I think it would be impossible for any pianist who played properly to break either a string or a hammer. I certainly never have broken them.

In conclusion, I beg to express to you my perfect satisfaction, in every respect, with regard to your Grand Piano Fortes.

Very truly yours,

WM. MASON.

**CHILSON'S PATENT  
TRIO STOVE.**  
SIX SIZES.

Any intelligent mind cannot fail to see the wonderful economy in the consumption of fuel by this invention, over the common Portable Furnaces. Immediately after the fire is kindled in the morning, the damper in the smoke-pipe is closed for the day; when the only escape for the heated smoke and gases is through the continuous tapering trunk or radiator, terminating in the smoke-pipe, which is reduced to a small vent of two inches in diameter.

The heated smoke and gases are thus compressed into the whole circuit of the trunk, and become wholly exhausted by radiation. The consequence is, that the formerly wasted fuel, which was lost by passing off in smoke and gases in a crude or unconsumed state, is here made available for generating heat.

Warranted a Saving in Fuel of Fifty per cent. over any other Portable Furnace in the known world.

## THE TRIO STOVE

embodies the same valuable principles combined in the Portable Furnace. We think no prudent person will use stoves, as they have been formerly constructed, after becoming acquainted with this invention. We obligate ourselves to prove, to the satisfaction of all, a saving of Fifty per cent. in Fuel, not only by seeing the stove in operation, but by a large number of the best testimonials that can be written.

# MAYNARD & NOYES'

## BLACK WRITING INK.

The manufacture of this Ink was established in 1816, and the quality has now been tested by the public for *forty years*. During this time it has been constantly increasing in public favor and patronage, and is now the leading article in the country. Those who may be ignorant of its superiority and reputation, are invited to read the following testimonials, and to make trial of it themselves. When the best judges, after using it twenty and more years, express themselves in one manner concerning its superior excellence, it is quite evident that no one need be troubled with *bad Ink*.

*Bank of State of North Carolina, Raleigh, March 4, 1847.*

Messrs. MAYNARD & NOYES: Gentlemen,—Your Writing Ink has been in almost constant use by the officers of this banking house for the last *fifteen years*, and has always been preferred to any other brand. *It flows freely from the pen, and does not mould; and the color, though sometimes pale when first opened, becomes a beautiful permanent black.* I have been a regular consumer of it myself during this time, excepting when curiosity has led me to make trial of other kinds, and take pleasure in being able to speak so favorably of it, and trust that my opinion, founded on such long experience, will induce many who may not be so well acquainted with its merits to give it a trial.

Yours, respectfully, C. DEWEY, Cashier.

Messrs. MAYNARD & NOYES: Gentlemen,—We are happy in being able to say, that we entirely concur in the opinion expressed above of your Writing Ink, by Mr. Dewey, the Cashier of this Institution.

Respectfully yours,  
DUNN CAMERON, Pres.  
S. W. WHITING, Teller.  
D. DUPRE, Bookkeeper.

*Boston, January 10, 1848.*

Messrs. MAYNARD & NOYES: Gentlemen,—It is now, I believe, more than twenty years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first-rate article*, and cheerfully recommended it to others. *It flows freely from the pen, and increases in blackness after being committed to paper, and the color is durable.* I know of no Ink equal to yours, and I have tried many kinds, both English and American.

P. MACKINTOSH, JR.,  
Principal of Writing Dep. Hancock School.

*Office of Merchants' Ins. Co., Boston, Nov. 18, 1847.*

Messrs. MAYNARD & NOYES: Gentlemen,—I have used your Writing Ink for the last sixteen years. In 1840, I gave you a certificate of its excellence, and having continued its use ever since to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is, in all respects, the best Ink I have ever used.*

GEORGE HOMER, Secretary.

*Registry of Deeds, Boston, Nov. 20, 1847.*

Messrs. MAYNARD & NOYES: I have made use of your Writing Ink for the Recording of Deeds, &c., the past *twenty-five years*, and having found it to suit

my wishes and purposes entirely, take pleasure in renewing my testimonial of its superiority. From the appearance of the records in my office, I am satisfied it is superior to any I have used, and consider it particularly adapted for all purposes where *permanency of color is requisite or desirable.* *It flows well from the pen, and does not mould; and my oldest records prove its color to be unalterably black.*

HENRY ALLINE, Register of Deeds.

*Boston Post Office, Dec. 4, 1851.*

Messrs. MAYNARD & NOYES: Gentlemen,—In 1843 I certified to the superior quality of your Writing Ink. I have continued to use it ever since that time, and take pleasure in expressing as I then did my entire satisfaction with it. It has now been used in this office more than twenty years. Other Inks have during that time been tested, but yours has been in every instance preferred. For *fluidity, blackness, and permanency, none has been found equal to it.*

GEORGE WM. GORDON, Postmaster.

*Bowdoin School, Boston, Dec. 10, 1851.*

Messrs. MAYNARD & NOYES: I have used your Ink in the Writing Department of this School during the last twenty-four years, and feel pleased in being able to express the same favorable opinion of it that I did ten years ago. *It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good ink.* It has given me such entire satisfaction for so many years, that I can strongly recommend it to all of my profession, who so much need a *first-rate article of writing liquid.*

JAS. ROBINSON, Writing Master.

*Boston, Dec. 2, 1851.*

Messrs. MAYNARD & NOYES: I am pleased in being able to say that longer experience in the use of your Ink, and the occasional trial of other kinds, have confirmed the good opinion I some years since expressed concerning it. I have used it in my weekly preparations for the pulpit twenty-one years, and have found it suit my wishes *entirely.* Its peculiar excellence is that it becomes *black* by age, at the same time it *flows easily* from the pen, and is sufficiently dark to make what is written easily to be read *immediately* after it has been committed to paper.

Yours respectfully,

G. W. BLAGDEN, Pastor Old South Ch.

## BLUE, RED AND CARMINE INKS.

These Inks, for beauty and brilliancy of color, are unequalled.

For Sale, Wholesale and Retail, by the Manufacturers, No. 11 Merchants' Row, Boston, and by Booksellers, Stationers, and Traders generally throughout the country.

## COPYING INK.

This Ink gives a copy as distinct and perfect as the original, and combines all the properties of our Writing Ink. This quality particularly adapts it for Counting-House use, as it answers all the purposes for which a Writing Liquid is wanted. Put up in quart and pint stone bottles.

## AMERICAN AND FOREIGN PATENTS.

**R. H. EDDY,**

## SOLICITOR OF PATENTS,

(Late Agent of U. S. Patent Office, Washington, under the Act of 1837,)

**76 STATE STREET, opposite Kilby Street, BOSTON,**

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also, in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions, and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is **MORE SUCCESSFUL AT THE PATENT OFFICE** than the subscriber; and as **SUCCESS IS THE BEST PROOF OF ADVANTAGE AND ABILITY**, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure patents, and the usual great delay there, are here saved inventors.

### TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as Solicitor for procuring patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE, *Late Commissioner of Patents.*"

**From the present Commissioner.**

"August 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the office as a Solicitor. He is thoroughly acquainted with the laws, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have official intercourse.

CHAS. MASON, *Commissioner of Patents.*
